May 2011

May means we are coming to the end of a League year. Our next membership event is our annual meeting on June 11. That morning we will conduct our annual business, elect new officers and board members, approve our budget, and set priorities for the coming year. We invite prospective members to join us for lunch and a special speaker to kick off our local portion of the national study of the Role of the Federal Government in Public Education. A full convention kit will be mailed to all members, and more information is to follow on line. There are still openings on the board so if you would like to self-nominate or have a suggestion contact Karen Carrey. Her contact information is in your new Roster.

State Convention is May 13-15 in Ventura. Full registration is closed but you can still register for a day. Check out the [program](#) and join us for a day. There will be a special workshop on May 12 for women considering running for office.

National board has been busy protecting the Environmental Protection Agency, fighting voter ID bills in many states and helping preserve the Election Assistance Administration. A newsletter with more information is available [here](#). Also background materials for the Education study are beginning to be posted [here](#).
